LES AMIS DU CHAMPAGNE

Champagne Every Day is Singapore's most vibrant community of wine lovers, dedicated to celebrating the art of living through champagne. After 15 years immersed in the world of champagne, founder Lucy Edwards has uncovered a treasure trove of exceptional cuvées not yet imported to Singapore. Thanks to close, long-standing relationships with winemakers across the region, she's often granted access to rare, allocation-only bottles that rarely make it beyond cellar walls.

Now, through Les Amis du Champagne, we're bringing in small quantities of these rare finds, offering collectors and enthusiasts exclusive access to boutique champagnes and unforgettable tasting experiences.

SECOND EDITION

New blood, deep roots: Champagne Hautbois

In the quiet village of Pévy, in the **Massif de Saint-Thierry northwest of Reims**, Champagne Hautbois is bringing new energy to one of the region's most overlooked terroirs. Now in its fifth generation, the estate is led by **siblings Sandrine and Fabien**, who started creating their own cuvées a decade ago from their **8-hectare vineyard**, after years of being part of the family cooperative.

Today, their domaine is a benchmark for thoughtful, **sustainable viticulture** in the north. Five Champagne grape varieties, **Meunier, Pinot Noir, Chardonnay, Arbanne and Petit Meslier**, are cultivated with **biodiversity and organic viticulture** in mind, using cover crops, natural compost, and careful soil management.

In the cellar grapes are fermented in **stainless steel, oak, acacia** or in **amphora**, with a large focus on building diversified reserves. **Oxidative winemaking, long lees aging, and a rare technique called *quart de mousse*** are used, which also happens to be a favourite of Bollinger.

Hautbois is a rising star and was selected by Les Amis du Champagne Tasting Panel and we're thrilled to bring these exceptional wines to Singapore for the first time.

Events are held every 2 to 3 months and offer unique tasting experiences, including blind tastings and canapés. Members receive tickets based on their tasting pack size (1 for a 6-pack, 2 for a 12-pack), while additional tickets and non-member attendance are available for \$108.

What payment methods are accepted, and are refunds available?

We accept PayNow as the payment method. As all wines are carefully curated and selected, refunds are not available.
